

RECRUITING THE RIGHT TALENT AT THE RIGHT TIME

KEY LEARNINGS:

How does a candidate not just stand out, but get hired, in a job market that is so flooded?

What role does diversity play in the hiring process? As an employer, do you look for diversified talent? As an employee, are you able to bring your authentic self to the hiring table?

Examine: What is your (organization's) hiring process? Is it effective?

What I learned?

What I'll do?

What I'll share?
